

WHAT IS URIC ACID?

THE CAUSE OF BACKACHE, RHEUMATISM, GRAVEL AND SUDDEN DEATH.

Ever since the discovery of uric acid in the blood by Scheele, in 1775, and the bad effect it had upon the body, scientists and physicians have striven to rid the tissues and the blood of this poison. Because of its overabundance in the system it causes backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica. It was Dr. Pierce who discovered a new agent, called "Anuric," which will throw out and completely eradicate this uric acid from the system. "Anuric" is 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on

an accumulation of uric acid within the body. Send to Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., for a pamphlet on "Anuric," and send 10 cents for a trial package of "Anuric" Tablets. If you feel that tired, worn-out feeling, backache, neuralgia, or if your sleep is disturbed by too frequent urination, go to your best drug store and ask for Doctor Pierce's "Anuric" Tablets.

Doctor Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the kidneys of women have had a splendid reputation for the past fifty years.—Adv.

STAGE IS ALL SET FOR BIG FOOTBALL GAMES

University of California, Nov. 5.—The stage is all set for the big football drama on California field tomorrow when California will meet the unbeaten eleven representing the University of Washington. Given scarcely a look in by the dopsters, the Bears are pinning their hopes on holding the northwest champions down to a low score.

While the California eleven spent the day in trying to get away from everything having to do with football in order to be in prime spirits for the game tomorrow, Coach Dobie put his men through a light workout to acquaint them with the California field. He was doubtful as to the effect of the turf on the playing of his charges, and held practice behind closed gates.

California rooters were somewhat dismayed today when Dobie gave out the information that the Washington eleven will not rely upon straight football but will use the aerial attack considerably. California is exceptionally weak in defense against the forward pass.

U. of O. is Confident.
Los Angeles, Cal., Nov. 5.—Coach Beede's footballers from the University of Oregon invaded Southern California today.

After they had automobilized to the Hollenbeck hotel, the broad shouldered brigade breezed out to Bovard field and ran through some simple signals on the soil where they confidently expect to annihilate the University of Southern California tomorrow.

Coach Glaze, in baseball pants, wearing one white sock and one scarlet, thought often of Oregon while giving his own men a final light workout just before the invaders took the field. He pointed to three youths fumbling forward passes.

"They never played before," he stated. "My team is all shot to pieces and tomorrow we go up against that Oregon bunch!"

Tomorrow will see a thorough test of open against closed football. Outweighed 15 pounds to the man, the undefeated U. S. C. team will go against a team probably able to win by sheer avoidance.

It will be a passing game so far as U. S. C. is concerned and several men will handle the pigskin in every play. U. S. C. hardly hopes to win. The local school, however, wants to keep it from being a massacre, and if U. S. C. wins it will be because Glaze's men are fat and away better than they themselves or anybody else gives them credit for.

May Stop Baseball War.

New York, Nov. 5.—Peace between organized baseball and the Federal league is so close that the gentle rustle of its wings can be heard, if the change in the attitude of major league managers has been interpreted correctly.

The feeling that the constant wrangling between the organized baseball and the "outlaws" should be done away with and a lasting peace pact signed is believed to be coming general among the magnates of the National league.

Humors of peace have been constant, but this is the first time that any of the organized baseball magnates have confessed that peace would be sweet. The Federals have been willing to make overtures right along. President Gilmore declared today that an agreement is very much to be desired, for the welfare of baseball generally.

There is a growing belief in baseball circles that the fans may be presented with a Christmas gift in the shape of a

man of the California industrial accident commission, A. J. Wallace, former lieutenant governor, Edward W. Hopkins, county assessor of Los Angeles county, Rev. Harold S. Tuttle, Rev. Franklin K. Baker, and hundreds of school children failed to save Louis Bundy, the youth hanged at San Quentin prison today for the murder of Harold Ziesche, a 15 year old messenger boy in Los Angeles.

A brother of Hopkins married Bundy's sister, so Hopkins took a leading part in the effort to save the boy from the hangman's noose. The sister also made a desperate attempt to save Bundy.

His mother died heartbroken soon after the murder.

Bundy was 18 years old when the murder was committed. His age was the basis of a great number of pleas for leniency.

The state advisory board of pardons, however, decided in this case in the case of Earl Loomis "that age alone in cases where the crime is heinous is not sufficient to justify a commutation of sentence."

Bundy, a high school student and athlete, murdered the Ziesche boy in December 19, 1913 to get money with which to buy a Christmas present for a girl. An axe handle and rock were used by Bundy in committing the murder.

Bundy telephoned to a drug store ordering a bottle of magnesia and directed that the boy who brought it should bring change for a \$20 gold piece. Bundy gave an address which proved to be a vacant house.

After telephoning, he walked toward the drug store and saw the boy, Ziesche, leaving. Ziesche riding a bicycle caught up with Bundy with whom he was acquainted. They went along together until they reached the address given by Bundy. Then the messenger boy laid down his bike and was about to proceed toward the house when Bundy, drawing a sawed off axe handle from under his coat, struck the boy over the head. Ziesche yelled and Bundy struck him again. Then taking the boy in his arms he threw him into a gully.

The boy continued to moan and Bundy, peace agreement between the Federals and O. B.

Portland Selects Team.

Portland, Ore., Nov. 5.—Following last night's practice—the longest and hardest of the season—on the club field under lights, Captain "Red" Rupert selected today the players who will make the trip to San Francisco to play the Olympic club of San Francisco for the Pacific coast championship November 14.

The players, who will leave here Sunday, are Ed Duffy, Alec Donahue and Leonard Striebig, ends; Patsy O'Rourke, J. O. Conville, George Philbrook, tackles; Joe Harter and George Watson, guards; M. D. Wells, center; Clayton Sharp, quarterback; Grover Francis, Wallace DeWitt, Johnny Parsons, halfbacks, and Oswald Day, fullback.

PIMPY? WELL, DON'T BE!

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Olive Tablets.

Dr. Edwards' Olive Tablets are the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil, you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look! 10c and 25c per box. All druggists.

dy, seizing a rock crushed his skull. Bundy then took the \$20 change. "I killed him because he knew me and would have squealed on me," Bundy stated in his confession.

"HOW DOES JESUS SAVE."

This vital question will be discussed by Rev. Fischer, at the Unitarian church, Sunday morning. The world has known a number of religions, which have each evolved great literatures and many and varied forms, systems and methods of salvation. The religion of Jesus (essential Christianity) stands out prominently for its natural reasonableness and simplicity. Institutionalized Christianity has made vicarious substitution and magical intercession the basis of salvation. Was this the method of Jesus? Hence the question: "How does Jesus save?" "Military Preparedness," is the subject for the evening.

The Stock Market Trended Downward

(Copyright 1915 by The New York Evening Post)

New York, Nov. 5.—The active speculation in large number of stocks today showed that the interest in the market is as keen as at any time since the upward movement started. But a downward movement, with a number of issues falling from one to three points from the closing yesterday, showed that sentiment was not so thoroughly in favor of a rise as recently. Not only were stocks, but railway shares and miscellaneous specialties were offered on a scale which more than matched the demand; after the first hour declines ruled the general list.

Selling came from various sources. Some was attributed to London and the continent but more to profit taking from speculators whose operations show large profits and still more to professional selling for short account.

PRESIDENT'S AUTO.

New York, Nov. 5.—President Wilson's automobile today ran down eight-year-old Mario Passi near the Pennsylvania station as he was heading for the train to Washington. Miraculously, the child was unhurt. The president expressed deep concern and sent a detective to learn the extent of her injuries before he boarded the train.

WOMAN'S RETENTIVE MEMORY.

Seattle, Wash., Nov. 5.—Frank Claberg, divorced husband of Mary Catharine Claberg was lodged in the county jail here today by virtue of a bench warrant issued nine years ago by former Superior Judge John B. Yakey, for contempt of court.

At the time Mrs. Claberg divorced him, the husband was ordered to pay \$15 monthly alimony. He did not pay. "Some women never forget," was Claberg's comment.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts For Backache or Bladder Trouble—Neutralizes Acids

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity; also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Arrest Counterfeiters In San Francisco

San Francisco, Nov. 5.—Two men and two women were arrested today by secret service operatives and city detectives in a raid upon a counterfeiting den.

They are: Mrs. Jean Bennett, alias Anna Allen Bennett, Clarence W. Farlane, alias Louis Jester, Claude Layless and Mrs. Alice Sammis.

Mrs. Sammis is the mother of Mrs. Bennett.

A number of good molds were taken from the house. They were exclusively for buffalo nickels.

Expecting a fight, Chief Moffitt, operative leader Costanzo, Detective Manion, Detective Kalmbach and others stormed the house early today. They found Layless and Mrs. Sammis there. The detectives waited and later arrested the other two.

They are known, detectives say, to have been members of the I. W. W. in Portland.

Reign of Terror In Island of Tahiti

San Francisco, Nov. 5.—A virtual reign of terror has gripped the Island of Tahiti, and especially the city of the Paapeote, one of the French possessions in the South Pacific waters. The city is under martial law following the discovery of an alleged attempt on the part of Germans to destroy it. Three big incendiary fires within the past few weeks has resulted in drastic action.

This was the information brought here by Captain S. T. Ward, of Tahiti, who arrived on the liner Maitai.

Trouble started when the French government ordered several German business houses closed.

Mysterious fires followed. Members of the crew of the German ship Walkure were seized, with other Germans and made prisoners upon a coral island near Rapete. Dozens of spy suspects have been arrested in Rapete.

TO INVESTIGATE SMUGGLING.

San Francisco, Nov. 5.—Commissioner General of Immigration Anthony Caminetti, Commissioner Edward White and United States District Attorney Preston conferred today over the proposed smuggling scandal probe when Chinese stowaways were found on the liner Mongolia last week.

While the commissioner general denied he was here to investigate scandal which is said to involve customs and immigration men and possibly ships officers, it is generally believed that it had much to do with his visit to the coast.

It is not expected that any definite statement of action will be made until today by the federal officials.

ANOTHER KID BANDIT.

Vancouver, Wash., Nov. 5.—Confessing that he participated with his brother Claude, in the attempted hold-up of W. A. Hall, a merchant at Brush Prairie, during which the latter was shot in the thigh, Fred Thompson, aged 18, is under sentence today to from 2½ to 7 years in the Monroe reformatory. Fred declared that his brother shot Hall.

Murray Wade, whose versatile pen has sketched more Oregon people than any other cartoonist, is in the city and will catch the genial plizies of some of the visiting editors.

HE MARKED THE TRAIL.

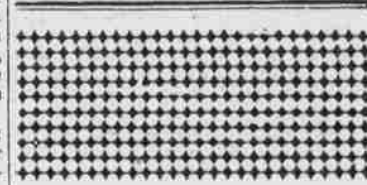

Seattle, Wash., Nov. 5.—W. Warwick of St. Paul, who has marked the old Yellowstone trail from Plymouth Rock to within fifteen miles of Seattle, has been stalled in his cross-continent trip at Redmond, near here, by the illness of his wife and daughter who accompanied him in an automobile. The Yellowstone Trail association has refused to honor his demands for pay he says, and, broke, he is being helped by the Seattle chamber of commerce.

EARLE MARRIED AGAIN.
